

I enjoy being able to have dinner or watch TV without being disturbed by telemarketers. Before I signed the NJ's "Do Not Call" list I was receiving four and five calls a night. Forget the weekends, it was non-stop. Now when my phone rings it's probably someone I actually want to talk to so I don't hesitate to answer. Do not weaken NJ's "Do Not Call" list. It has been a gift to NJ residents.

Thank you for your consideration.

Anna M. Loh
